

elements™ Connect & Apex Connect

Cordless Endodontic Motor and Electronic Apex Locator

Seamless Connection. Greater Confidence.

Add confidence to your shaping, with intuitive elements Connect and Apex Connect. Designed to work seamlessly together, interconnected system supports patient safety while simplifying your procedures.

elements™ Connect and Apex Connect

An Interconnected System

Dual Light Indicators

With intuitive light indicators in both motor handpiece and the Apex file clip, you'll have greater visibility for more confident shaping.

Patient Safety

The intuitive, easy-to-see smart light and audible indicators, as well as a large, bright viewing display alert you when you're reaching the apex. May be used independently or as a connected system.

Portable Convenience

Easily move between operatories with this interconnected system; lightweight, ergonomic and cordless design.

Versatile Motions

With Adaptive, Reciprocation and Rotary motions in one motor, elements Connect allows offices to maintain their existing techniques and protocols.

Preset

9 Kerr preset file settings, 1 reciprocating setting and 4 customizable settings.

Continuous Use

Two removable batteries are included to ensure one is always charged so you can complete your procedures safely without interruption.

Built-in Accuracy

Ensure measurement accuracy with Apex Connect's automatic self-calibration feature that activates every time the device is turned on.

Shape with Confidence

View real-time working length information during procedures with a smart light indicator that changes color, as well as audible indicators, as you reach the apex.
