SEMPERCARE® EDITION IC

THE ALL-ROUNDER

The Sempermed® Edition IC combines a micro rough surface on the outside with a polymer on the inside of the glove. With its excellent grip properties of the mictro rough surface, the Sempermed® Edition IC is ideal for handling instruments for instance in the lab as well as for normal daily nursing tasks. The special polymer inner coating makes the latex glove very comfortable to wear and easy to don.

- With special synthetic inner coating
- The surface ensures good gripping and secure instrument handling
- The high elasticity of natural latex makes the glove very comfortable to wear
